

Orbit Beauty Editor **MARINA PASSALARIS** met some friends at **GO GIRL Sunshine Plaza** to snap a couple of hot hair looks

LOOK 1 *The Loose Braid*

The braid is having another huge moment in the spotlight. Here's a lovely look that works for school or formal occasions.

- Take a section of hair near the forehead.
- Divide that section into 3 equal parts
- Pick up small sections of hair and add them into the plait.
- Continue this down the length of the hair

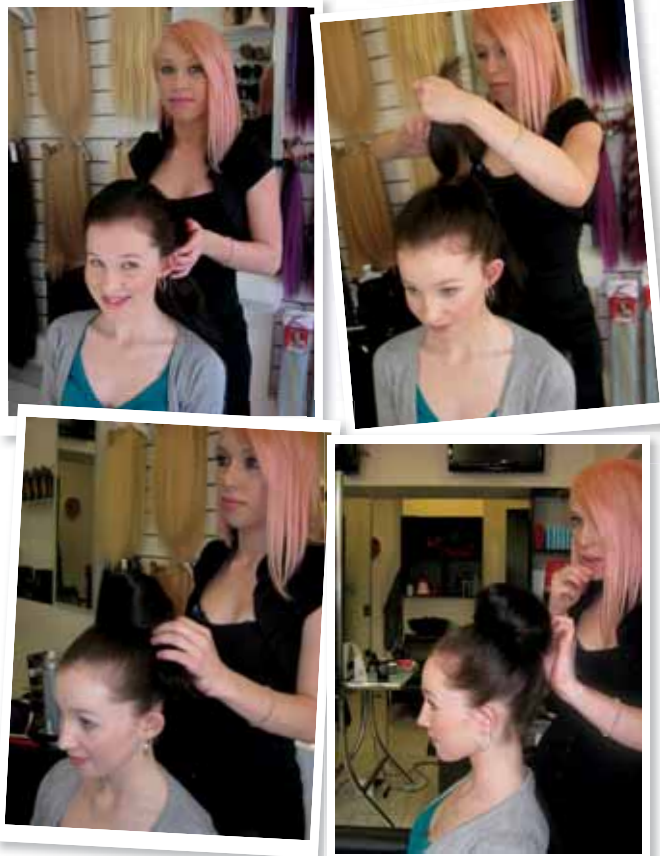

Tip: Always add a detangler or serum to the hair to add moisture prior to starting the braid

- Continue a plait to the end of the hair and secure the end with a hair tie.
- Wrap the plait in a circular motion to form a bun and secure with bobbi pins.
- Using the end of a comb, loosen some of the strands of hair in the braid.
- Spray lightly with hairspray to finish off the look.

Thanks to models Gemma (left) and Lexy (below) and Rikki from Go Girl Hair Artistry.

Have fun with your hair and try different styles, break out of your comfort zone.

LOOK 2 *Chignon*

This messy bun is easy to create and looks super glam.

- Start by tilting your head upside down and brushing all your hair into a high pony tail.
- Secure with an elastic band
- Tease or backcomb the pony tail to create a lot of texture.
- Twist the pony tail around the base where the hair tie is.
- Pin the ends under using a few bobbi pins. Tip: Never open your bobbi pins. They are already designed to just go straight into the hair as they are, just slide them in.
- Then, using the back of a comb, loosen a few strands of hair so the bun appears messy.

Tricks and tips:

- Always work with hair that is completely dry
- Make sure you use products like serum and hairspray to give your hair that finished look. Enjoy!

(this is Marina's make-up kit - yum!)

Finish off your look with a smile, a positive attitude and a kind heart.

Love, *Marina*
